GETTING READY.

The Stands Are Being Erected For Tuesday's Jamboree.

The Popocrats are busy spending money and time in their efforts to make the Bryan meeting in this city Tuesday a success.

A large stand is being erected on the Esplanade at the Third street end, which will be used for the speaker and the most prominent local Pop.

There is some talk of several balconies being erected from Market street business houses, and a fee of from \$1.50 to \$2 charged to sit on them and look and listen to the speaker.

Windows and all available space will be in demand in the immediate vicinity, and aside from the lunch-stands, we believe they will reap a harvest of silver who can crowd the most people in their windows and doors.

As advertised, Hon. Joe A. Parker of Louisville, Vice-President of the Bi-Metall League, and Mr. Thomas A. Davis of this city, discussed the questions of hour, to a large and attentive audience at Tollesboro last night. The place of meeting was in a commodious barn, which had been fixed up for the occasion.

A goodly portion of the audience was composed of ladies, who from their free prompt applause, appreciated the telling points of the adversaries as much as the men.

Dr. William Bowman introduced the speakers, and all who know the Doctor also know that it was well done.

Tollesboro can be depended on to do her duty for McKinley and Pugh.

The gentlemen composing the reception committee were untiring in their efforts in behalf of the visitors and for which we herewith tender our thanks.

A BIG FAKE.

The Bold Up Last Night a Rank Fraud.

"I have been held up!"

Such were the words that broke out on the stillness of the air last night from one of the rankest fakes that has ever been seen around this city.

Shortly after the Huntington Accommodation on the C. and O. went East last night a fellow came up street and notified the populace that he had been held up at the C. and O. Depot, and that a gold watch and \$19 in money had been taken from him.

About an hour before one of the Policemen was given the same fellow, with the instructions to escort him out of town, which was done, but the fellow came back and stopped at the Depot for a few moments, and not caring to leave town came up the street and made the break that landed him behind the bars, where he is now confined.

He gave his name as Lawrence, and there never was a watch or a dollar in that fellow's pockets, unless he "pinched" them.

Mr. Lawrence will have a nice time making small rock out of large ones.

Miss Alice Wheeler will sing at the M. E. Church, South, tomorrow.

The residence of Dr. Samuel Brough near Helena is now ready for the plasterer. Mr. George W. Orr of this city is doing the carpenter work.

"I believe that it is a good deal better to open up the Mills of the United States to the Labor of America than to open up the Mills of the United States to the Labor of the world."—WILLIAM MCKINLEY.

COUNTY COMMITTEE.

The members of the Republican County Committee are requested to meet at the Cooper Building, Front street, in this city, on Tuesday, September 15th, at 10:30 o'clock a. m. for the transaction of important business. CLARENCE MATTHEWS, Chairman. S. T. Hickman, Secretary.

I don't intend to discuss the Tariff. I am quite as much, however, opposed to cheapening the American workingmen and workingwomen as I am to cheapening our dollars. I am quite as strongly in favor of keeping duty works at home as I am gold dollars.—BENJAMIN HARRISON.

The people never knew what a bad set the bankers were until the Popocrats exposed them; and just to think that some of these same bankers in Mayville indorse all the mean things that BRYAN and ALTGOLD and TILMAN are saying about them!

THE Commercial Tribune says the weight of Mr. BRYAN's last letter of acceptance is given to a defense of the Chicago rioters. Little does he say of silver. Does he, too, see that on that issue the line is running against him? Does he, too, see that the calm, sober sense of the people is coming to them? and that as greenbackism was buried years ago, so is silver to be this year? Is this the cause of his effort to bring a new issue before the people? Well, his new issue is worse than his first.

The country has not forgotten those awful days in Chicago. It forgets quickly and many things, but the memory of those days, when red anarchy held sway at Chicago, is still fresh in its recollection. ALTGOLD, the Governor, might have stopped it all. Had he said but one word, had he raised his little finger, the end of misrule would have come at once. He spoke not the word. He made no sign. His silence was practical encouragement. Then the National authority made itself manifest. Then the Nation itself restored order. And quiet came as peace descended at Appomattox. The majesty and supremacy of the law were asserted, and the Senate thanked the President for what he had done.

The Toledo Blade well says that if the position of Mr. BRYAN is sound, President LINCOLN had no right to call out troops to put down the rebellion in 1861. Then, as in 1864, duties which the National Government was charged with were hindered. Then, as in 1864, the duty of the Government would have been unperformed if the whole force of the Nation had not been put forth to execute the provisions of the law.

It is the second false note Mr. BRYAN has struck.

Patriot's Warning.

From Leslie's Weekly.

This country has had few more unselfish patriots of faithful servants than General Francis E. Spinner, who, as Treasurer of the United States during the most trying financial crisis through which we have ever passed—the period of the Civil War—justly won a world-wide reputation as one of the ablest, most conservative, and experienced financiers. During the closing years of his life General Spinner was a great sufferer from cancer of the face, but during the whole period of his suffering, down to his latest breath, he manifested the keenest interest in public affairs, and especially in the financial question, as to which he wrote freely for the newspapers. His very last article was published in Leslie's Weekly. In this he discussed the subject of the increased coinage of silver, and warned the country that free coinage would precipitate a financial panic. His words have a peculiar and a pathetic interest at this time. We quote the closing paragraph of his article:

"I am nearly 88 years old, and for more than half a century have watched and taken an interest in the monetary and commercial affairs of our country. I have no interest of friends or self to subserve. I am standing confronting an open grave and expect soon to sink into one. I love my country greatly, and I love its people more. The prosperity of our country and the happiness of its people that now are, and of the generations that are to follow, are the subjects of solicitude nearest my heart. I cannot bear to sink into that grave without giving this my last note of solemn warning. If the country would avoid a great calamity let it restore gold to be the sole standard of values, and the consequent measure of all transferable commodities.

Fortify the U. S. Treasury with gold coin, gradually replace the warehouse silver certificates with treasury notes of all denominations, from a five-cent to a thousand-dollar note, based upon and redeemable from the gold on deposit in the Treasury. Issue local interest-bearing interchangeable currency bonds. This currency would not only have the gold in the Treasury, but all that sixty-five million people possess, as a guarantee for its redemption. Such an arrangement of the currency would constitute the Treasury of the United States into a safe insurance office against commercial revolutions and monetary panics. On the other hand, an illy constituted and depreciated circulating medium, a dual standard of values, a redundant inflated currency based on a greatly depreciated silver coin such as the silver cranks desire are the she-wolves that will breed and litter want of confidence distrust, fears, failures and panics upon our country, and disaster and ruin upon our people. The monetary course now being pursued is as sure to bring disaster as effect follows cause. Let the people be warned of the danger that is before them."

The dentists of Paris, Richmond, Winchester, Georgetown and Carlisle met at Paris Tuesday night to perfect a social organization.

Governor Bradley was the recipient of an elegant silk banner presented by Mrs. Mary Parish, North Middletown, Bourbon county. The banner is hand painted and bears an excellent reproduction of the American eagle. It was presented in honor of the memory of the lady's father, John H. Peters, a gallant soldier of 31st Ky. Infantry, who fell at the battle of Kenesaw Mountain. The donor requested to make such use of the present as he saw fit, and it will probably go to the county casting the largest proportionate vote in the coming election.

Owingsville is going to put on airs by electric light.

The man who wants "a paper without too much politics in it" for the next two months can take his choice between sand paper, wall paper and dry paper.

Deputy Sam S. Shepherd of the Land Commissioner's Office, has presented the office with a magnificent life size crayon portrait of Major McKinley. It is a massive gold frame.

Just received, a fresh-mined cargo of the celebrated Raymond Coal, the best Semi-anthracite ever sold in this market. Its merit is attested by the fact that others have tried to handle it but could not buy it, and another coal is sold by a similar name, but it cannot be counterfeited and is sold only by J. H. Donohoe.

GIFTS FOR THE Y. M. C. A.

The Sunday Rally and Other Items of Interest.

Mr. G. W. Blatterman has kindly placed in the Association Hall a large, up-to-date map of the United States; and several fans have also been provided with the compliments of Browning & Co.

The Louisville Evening Post, The Dover News and The Sunday Morning Call are among the latest additions to the list of papers on the reading tables. They have been provided through the generosity of the respective publishers. These and all other gifts are appreciated by the Directors and members of the Association.

A copy of Webster's Unabridged Dictionary and holder for the same (the bookcase holder preferred) are greatly needed in the Association Room. Some attractive pictures of interest to young men, and good books for the library would also be appreciated. There are several volumes of Harper's and Century Magazines, which, if neatly bound for the Association by some of its good friends, would make instructive and interesting reading for the young men, during the winter months especially, and would at the same time serve as a nucleus for an Association library.

The Men's Rally on Sunday afternoon at 3 o'clock will be conducted by the President of the Association, Mr. William H. Cox, who will speak upon the thoughts suggested by First Corinthians ii:20-23 and Colossians ii:3. It was announced by the opening Rally that the service would be conducted this coming Sabbath at the Baseball Park, but in view of the fact that the Mayville Band is to give a concert in that vicinity, and for other reasons, it has been thought best to hold the Rally in the Association Hall. There will be good music, and the men—young and old—are cordially invited to attend.

Mr. Henry E. Resewe, State Secretary of the Young Men's Christian Association, was in the city yesterday and called on several of the local Association Directors.

Notice of Dissolution.

The partnership heretofore existing between Dr. James Shackelford and Dr. S. K. Harover has been dissolved by mutual consent. All those knowing themselves indebted to the firm will please call on Dr. Harover at his office, No. 4 West Third street, and settle their accounts. sept 14

PREACHER BEATEN.

A Member Took Offense at a War Which He Waged Against Gambling and White.

DANVILLE, Ky., Sept. 12.—Rev. Robt. T. Caldwell, of the Cumberland Presbyterian Church, whose home is in this county, reached Danville Thursday night from Kentucky, Ill. He has an unsightly gash in his forehead, one of his eyes is badly gouged, and there are other marks on his face, made by the fists of a man named Crowder, who attacked him at Bethany. Caldwell waged war on the illegal whisky sellers and gamblers in the town, and Crowder, a member of his congregation, sided with the disorderly element. Caldwell, who had told his congregation some time ago that he was going to leave, came at once to this city, where he will remain some time before going to New York to take a post-graduate course in a theological seminary.

TOLL-GATE RAIDERS.

Eight of the Obnoxious Bars Were Down on One Road near Lexington, Taxes were Paid.

LAWRENCEBURG, Ky., Sept. 12.—News reached here late Friday afternoon from Tatham Springs, the well-known summer resort, 30 miles west of here in Washington county, that the free turnpike regulators which have been terrorizing the county for the past week, made another raid on the toll-gates in the Springs section at an early hour Friday morning.

Eight gates in all were destroyed, including the one this side of Tatham, at which a notice was posted warning the keeper that if he ever collected any more tolls they would swing him by the neck. The mob numbered about 125. Besides the Springs pike, the Springfield and Sharpburg roads have suffered.

TOOK A GUN

From His Pocket and Shot the Officer and a Hystander.

GRAYSON, Ky., Sept. 12.—At four o'clock p. m., Friday, at Olive Hill, Constable Perry Tyree arrested Chas. Taber, son of Stephen Taber, of Elliott county. Soon after the arrest was made Taber drew a revolver and fired at the officer, striking him in the body, inflicting a fatal wound, so the physicians think. Others interfered to prevent Taber shooting again at the officer, and he fired on Robert Whit and wounded him in the leg. A Grand Army reunion was in session at Olive Hill, and was dispersing when the shooting occurred. Taber was promptly arrested. If Tyree dies there likely will be more trouble.

Little Hope for Lake Brooks.

LEXINGTON, Ky., Sept. 12.—Lake Brooks, to hang at West Liberty, Morgan county, September 23, for the murder of Gus McKenzie, is still in jail here. Despite his first refusal, an effort is still being made to have Gov. Bradley commute his sentence to life imprisonment. Brooks is a fine-looking young fellow and expresses no concern. His victim was a son of Judge McKenzie, a prominent Morgan county politician, and it is hardly probable that the governor will intercede.

More Trouble at Springfield.

SPRINGFIELD, Ky., Sept. 12.—The free turnpike agitators are on another raid, Friday morning between midnight and one o'clock, mob numbering about 125 men destroyed the toll-gates on the three turnpikes leading into Williamsburg, the little village 15 miles from here. This city is still under guard.

ENCOURAGING.

A Larger Demand for Finished Products Probable.

General Upward Movement in Prices Will Come

With the Replenishment of Dealers' Stocks This Fall.—The Tide of Gold Imports Still Runs Against The Way.—Number of Failures Increased.

NEW YORK, Sept. 15.—R. G. Dun & Co., in their weekly review of trade Saturday, says:

Better prospects and relief from monetary anxiety do not yet bring larger demands for finished products, though large buying of pig iron, wool, leather, hides, cotton and other materials continue to show a growing belief that a general upward movement in prices will come with the replenishment of dealers' stocks this fall. Most prices are extremely low, so that nothing more than an ordinary demand would advance them. But bank failures at New Orleans cause temporary hesitation, crop returns indicate disappointment in some cotton and some spring wheat states, prices of corn and cotton are low, and the result at present, the number of manufacturing works and mines in operation does not gain, but rather decreases, and the wages are somewhat numerous, occasionally resisted by strikes, and all these conditions diminish for a time the buying power of the people. While many think general improvement can not come until the election has removed political uncertainties, others expect soon to see the result anticipated in trade.

The weekly output of pig iron decreased 20,575 tons in August to 139,500 tons against 217,300 in November, a shrinkage of 40 per cent. Other works still have stopped since September began. Unsold stocks increased 12,065 tons in August, exclusive of those accumulating in the hands of great steel companies. Sales of wool for the week cover about equalled the normal consumption for the first time in several months, not because manufacturers have more work, for no gain is seen in the time or output. The buying is mainly speculative, based on the belief that prices must advance. No considerable decrease in the output of general manufactures is seen in the output of print cloth, although the output has been reduced about half for two months, and a fifth of the year's production remains in the hands of speculators, but they have advanced the price three-sixteenths during the week. For other goods there is a better demand and manufacturers have advanced prices because of the rising cost of material, the average for all cottons having risen 5.5 per cent. since August 6, but stocks of many kinds are large.

The Financial Chronicle's annual report, issued Friday, makes the last crop of cotton 7,105,475 bales, the consumption north and south 2,905,810, and the exports 4,713,913 during the year. No account of southern mill stocks is given, but no estimate is yet given of the crop now coming forward. Accounts of disappointing returns in spring wheat states are given, but it is difficult to recall so close estimates with the heavy marketing at low prices. Corn is almost wholly out of danger and the yield is generally expected to be the largest, as the price here is the lowest ever known.

Stocks grow steadily stronger till Thursday, although railroad earnings are not stimulating. The average for railroad stocks has risen slightly, and for trusts over \$1 per share, notwithstanding much realizing of profits, especially since the failures in New Orleans.

The tide of gold imports still runs strongly this way with further engagements lifting the aggregate to \$28,630,000, of which \$23,172,000 have arrived. The prospect for the Bank of England to raise its discount rates from 2 to 3 1/2 per cent. and some selling on foreign account followed in stock.

The New Orleans bank failures were followed by unusual offerings of cotton and sugar from this city. Mrs. Eliza Dutcher and her son, aged 11, were murdered in their home and the building set on fire. The 11-year-old daughter Maggie was rescued with severe injuries. The Dutcher homestead had the reputation of being a "broadsheet," where liquor was sold contrary to law. Mrs. Dutcher was known to keep considerable money in her house.

Senator Palmer Arrives in Louisville.

LOUISVILLE, Ky., Sept. 12.—Gen. John M. Palmer, the national democratic nominee for president, and Mrs. Palmer were warmly welcomed to Louisville Friday evening by an enthusiastic crowd of Kentuckians. Gen. Simon Bolivar Buckner, the nominee for vice president, arrived earlier with his family and was at the union depot at 6:30 Friday evening with Col. John R. Fellows, to welcome the chief.
